

WHAT IS PEACE?

For us Peace is Inner Peace. It is a state of mind, a state of higher consciousness where there are no words or thoughts, no guilt or grievances, no conflicts, no separation or judgments, no interpretations - that occupies a timeless moment.

This Peace is a gift from God, our Creator and is always within us and has nothing to do with external events or the state of our bodies. It is a consciousness where you feel safe, loving, fully loved, and restful. It is where there are no exclusions of your love and that you experience a Oneness that has no beginning or ending. This state of Inner Peace is so interlaced with Love and Joy that they can not be separated from each other because they are One and the Same. It is a state of mind that experiences the presence of Heaven.

Peace is a state of consciousness that is beyond any words that could possibly describe it and is One with its' Source. It is a state of mind where there is only Light and no darkness, pain, or suffering. It is a state of defenselessness where there is no desire to hurt others or yourself. It is a state where nothing is of value except the Peace, Joy and Love that you are. It is a consciousness where Spirit and Soul are fused into one and where the Essence of Peace Love and joy are known beyond belief as our only true identity.
